Dear Miss Faxon

I have  
your note on Wendell Parker.  
It does not seem to me that  
he is quite so ignored as you think,  
as I belong to a committee of  
which Rev. S. A. Eliot is chairman,  
& which is at work on a felled  
edition of his works to be  
published when his anniversary  
comes. Still that affords no  
objection to the publication of your  
~~last~~ sketch in vol. which I  
return with this. I remember  
no sketch of Parker by me  
except that included in "Contem-  
poraries".

Very truly yours

T. W. Higginson
